

**Latina/o/x Designer List - 2016 NYC Convening
(as of 12.12.16)**

This is a growing list of working, self-identified Latina/o/x Designers compiled by the LTC. We will keep adding to this list as time goes on and it will be on our website (www.latinotheatrecommons.com) for you to access.

If you are a director, producer, administrator, or in a position that allows you to hire designers, we invite you to use this list to expand your circle of artistic relationships. Hiring and casting are inherently an allocation of resources, and too often we stick with what we know. Having a diverse hiring pool will positively impact any production. If you have ever struggled to hire Latina/o/x designers because you couldn't find them, today's your lucky day. Here they are!
